

## Update Season Fees 2020/2021 & 2021/2022

17 May 2021

To all clubs

The NWFT would like to extend our good wishes to all involved with football and the wider community.

It's wonderful to see grassroots football back, especially after last season had to be voided and this season has seen so much disruption. Hopefully, the worst is now behind us, and we can move forward with much optimism.

We now though look forward to the 2021/22 season and as you were aware the NWFT was determined to support its member clubs, through what is an incredibly challenging period for everybody, and for the 2020/21 season brought in the following pricing structure:

- Clubs will pay £50/team, capped at £250 per club. No club will pay more than £250 – irrespective of team numbers across the BBDFL & NWGFL

This meant that irrespective of the number of teams entered in the BBDFL, no club was required to pay more than £250 for the 2020/21 season.

### Season 2020/21 Fees Waived...

To further support our member clubs, we can now confirm that **ALL FEES** for the 2020/2021 season will be waived.

Any club who has made a payment will receive a full refund, or can have the payment offset against the coming seasons fees. Please contact the league secretary.
